1		<ul style="list-style-type: none"> NASA intends to continue soliciting for Science, Exploration, and Aeronautics contracts and cooperative agreement proposals in accordance with applicable Program Plans, and then start work on projects in accordance with Recovery Act provisions.
2	<ul style="list-style-type: none"> NASA Office of Inspector General Audits: NASA continues to close out requests for clarifying data that support the OIG effort on summarizing the results of the site visits, and audits conducted on the contract/cooperative agreement awards, in October through December. NASA is responding to an audit on the Agency's process for reviewing data quality of the recipient reports, for "significant errors and material omissions." 	<ul style="list-style-type: none"> NASA Office of Inspector General Audits: The NASA Management Office (NMO) at the Jet Propulsion Laboratory (JPL) is preparing for an OIG audit in late-March/early-April.
3	<ul style="list-style-type: none"> Aeronautics: Awards include: an Airspace Systems award at the Ames Research Center (ARC) to conduct surface 4D trajectory operations research; two contract mods for the Aviation Safety Program at the Ames Research Center (ARC) for Intelligent Systems Research & Development Support (ISRDS) to develop and test advanced detection, diagnosis and prognosis tools, and to extend flight research of adaptive control technologies to prevent loss-of-control; and a Subsonic Fixed Wing contract mod at the Glenn Research Center (GRC) to design combustor rig improvements. 	<ul style="list-style-type: none"> Aeronautics: Several procurements are scheduled for award in March, including the 2nd portion of the Low Nitrogen Oxide (NOx) Combustor Technologies NRA at GRC for Fundamental Aeronautics, and additional NRA proposals for Aviation Safety, and Airspace Systems are also expected during March.
4	<ul style="list-style-type: none"> Cross-Agency Support for Hurricane Damage Repair Projects at the Johnson Space Center (JSC): Issued the second of two delivery orders for additional PEAf panel repairs under Work Package 11 on seventeen buildings at the Johnson Space Center (JSC). 	<ul style="list-style-type: none"> Cross-Agency Support for Hurricane Damage Repair Projects at the Johnson Space Center (JSC): In early March, JSC intends to award a contract mod to repair PEAf panels on six buildings that will increase requirements for personal protective equipment, material and equipment due to presence of PCBs in the caulking that must be removed.
5	<ul style="list-style-type: none"> Science: Awarded a cooperative agreement supporting both the Applied Sciences program, Pathways project and the Earth Science Research program, Research and Analysis (R&A) project for the Irrigation Optimization task at the Ames Research Center (ARC), and a task order mod for the Earth System Science Pathfinder program Aquarius project at the Jet Propulsion Laboratory (JPL). 	<ul style="list-style-type: none"> Science: Several Earth Science procurements are planned for March, including various research investments in Scientific Computing, the Landsat Data Continuity Mission (LDCM), Ice,Cloud, and land Elevation Satellite II (ICESAT 2), Applied Science and Airborne Science.

6	<ul style="list-style-type: none"> • Exploration: Three new Space Act Agreements (SAAs) for the Commercial Crew Development activities were awarded at the Johnson Space Center (JSC). The installation of the communication systems in the Stennis Space Center (SSC) Complex A/B is complete. 	<ul style="list-style-type: none"> • Exploration: The award of two remaining Space Act Agreements (SAAs) for the Commercial Crew Development is expected to be finalized in March, as well as additional tasks for the Kennedy Space Center (KSC) launch infrastructure activities, and for the Stennis Space Center (SSC) E100 test stand activities; the Commercial Crew Cargo Common Docking Adapter contract mod is anticipated to be definitized by mid-March.
